Ladies' Suits in a Clearance

That Sale on Ladies' Suits Should Not Be Overlooked

Tomorrow we will pay you handsomely to take them off our hands. Fetching models, all the latest materials for this season. Been selling ready-to-wear apparel a long time. Never before have we offered values equaling these.

Lingerie for the Bride

What sights of delight greet the display of these dainty undergarments and negligees! One wonders how such fairy-like garments could be made by human hands. Dawn pink, a new shade, in soft batiste, satin or crepe de chine, is one of the favorites.

Beautiful gowns, sleeveless, with blue bows on the shoulder, embroidered with dainty flowers; Empire gowns, tucked and feather-embroidered; envelope chemise of simple design combinations of rare beauty—all made with wonderful needlework and in artistic designs. In many instances complete sets of all garments can be had, each matching in design, color, embroidery and fabric.

RIVAL CANDIDATES MAKING CAMPAIGN TOGETHER IN OTERO

It is not a rare thing for rival candidates to have a falling out, but it is rather rare for two candidates for the same office to do a little campaigning together. This situation is in evidence in Otero county this week, says the Alamogordo News. Prof. J. M. Helm and Superintendent B. S. Tipton, who are both Democratic candidates for the office of county school superintendent, are doing a little campaign stunt together. Superintendent Tipton's platform is that he has had the office for five years and is now

familiar with the work, knows what should be done and how to do it. It took the experience of the office for him to become a better public servant on the other hand Professor Helm's platform is that the present incumbent has had the office long enough and should get out and give someone else a chance. They will go to the voters together and present the above arguments. It is then up to the voter to decide for himself which of the above spuds is the right one.

The county commissioners this morning began their sessions as a tax board to hear those who have grievances connected with assessments.
